

E60 Rotating Laser

Red beam - Horizontal only site laser kit

The new E60 rotary Laser level has been designed to suit the needs of any DIY, horizontal only, levelling task. Benefit from the same range as our professional rotary laser models and the convenience of a compact all-in-one kit and carry case. The E60 is the perfect low cost levelling solution.

Features

- Kit combines tripod, staff, laser and receiver all in the hard carry case.
- Compact design for easy storage and handling.
- Professional working range
- Affordable and effective for smaller levelling tasks.
