

# MR360 Machine Receiver

## Works with Red Beam Lasers

The magnetic MR360 Machine control receiver offers the optimum in time saving for all grader, dozer, bobcat or scraper operations. Full 360 degree reception and in-cab display for easy construction and site preparation.

## Technical Specification

Detector range	200m
Fine accuracy	3-12mm
Course accuracy	5-25mm
Detector receiving range	360°
Detection wavelength	630nm - 780nm
Pick up length	250mm
Power	7.2v NiMh
Operating time	40hr
Charge time	10hr
Temperature range	-20°C to +50°C
Storage	-30°C to +60°C
Water/dust proof	IP66
Warranty	2 Years
